LMDC MELA 2026

Three days of vibrant culture, unforgettable experiences, and celebrations at LMDC MELA 2026, bringing together the spirit of campus life through music, traditions, and entertainment. The festivities reached their grand finale with an electrifying concert featuring **Hassan Raheem, Zoha Waseem, Bilal Khan, and DJ Bahoo Sarwar**, making it a celebration to remember!

Celebrating Culture. Uniting Communities. Creating Memories.

VOICE OF LMDC 2026

Celebrating the talent, creativity, and voices of our students at Voice of LMDC 2026! A platform where passion meets performance, bringing together aspiring singers and performers to showcase their musical talent and shine on stage.

Celebrating Talent. Amplifying Voices. Inspiring Excellence.

LMDC STUDENT SECURES 2ND POSITION AT UMCD RISECON POSTER PRESENTATION

Lahore Medical & Dental College proudly celebrates Eifa Farhat for securing 2nd position in the Poster Presentation at UMCD RiseCon with her research titled "Percutaneous Needle Decompression as an Alternative to Open Fasciotomy for the Treatment of Acute Compartment Syndrome."

Her accomplishment highlights her commitment to scientific research, academic excellence, and exploring innovative approaches to patient care.

We extend our heartfelt congratulations to Eifa on this remarkable achievement and wish her continued success in her academic and research journey.

Congratulations

Eifa Farhat

Securing 2nd Position in Poster Presentation at UMCD RiseCon

WORKSHOP ON PROFESSIONALISM & ETHICS

Promoting integrity, responsibility, and professional excellence through the Workshop on Professionalism and Ethics at LMDC. An engaging learning experience focused on strengthening ethical values, professional conduct, and accountability in healthcare practice.

Building Character. Upholding Ethics. Shaping Professionals.

WORKSHOP ON "DEVELOPING HIGH-QUALITY MCQ'S & CONDUCTING POST-ITEM ANALYSIS"

Strengthening assessment practices through the Workshop on Developing High-Quality MCQs & Conducting Post-Item Analysis at LMDC. The session focused on enhancing faculty expertise in question development, assessment quality, and item analysis to promote effective and meaningful evaluation of student learning.

Enhancing Assessment. Empowering Educators. Advancing Academic Excellence.

PERIODONTAL HEALTH ASSESSMENT - CPITN

Promoting awareness and early detection through Periodontal Health Assessment – CPITN at LMDC. The initiative focused on evaluating periodontal health, identifying treatment needs, and highlighting the importance of maintaining optimal oral hygiene.

Assessing Oral Health. Promoting Prevention. Advancing Dental Care.

2ND YEAR MBBS UHS MANDATORY WORKSHOP ON ICC/ALSC

Strengthening clinical competencies through the 2nd Year MBBS UHS Mandatory Workshop on ICC/ALSC at LMDC. The workshop focused on developing essential clinical skills, improving patient care practices, and preparing future healthcare professionals for effective clinical decision-making.

Building Clinical Skills. Enhancing Competence. Advancing Medical Education.

SEMINAR ON "RESEARCH METHODOLOGY"

Advancing research knowledge and academic excellence through a Seminar on Research Methodology at LMDC. The session focused on strengthening research skills, understanding scientific methods, and equipping participants with the tools to conduct meaningful, evidence-based research.

THE INTERLINK BETWEEN CLIMATE CHANGE & DENTISTRY

Exploring the connection between environmental sustainability and oral healthcare through a seminar on "The Interlink Between Climate Change & Dentistry" at LMDC. The session highlighted the impact of climate change on dental health, sustainable practices in dentistry, and the role of dental professionals in promoting environmentally responsible healthcare.

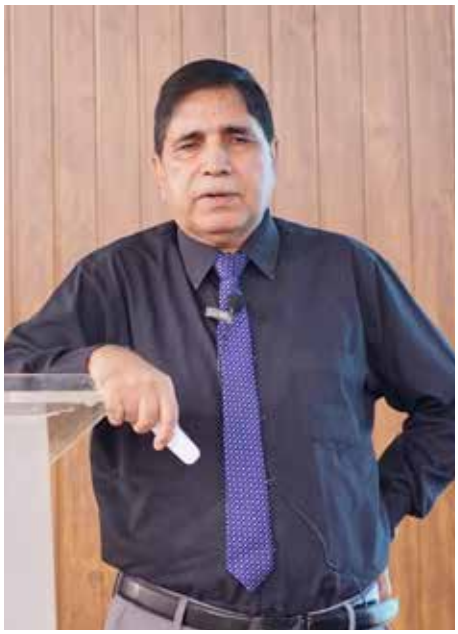

694TH CPC -
BIPOLAR AFFECTIVE DISORDER

Enhancing clinical knowledge and psychiatric understanding through the 694th CPC on Bipolar Affective Disorder at LMDC. The session focused on exploring the clinical presentation, diagnosis, and management of bipolar affective disorder, fostering informed clinical practice and evidence-based patient care.

Advancing Clinical Knowledge. Strengthening Practice. Improving Patient Care.

3RD YEAR MBBS STUDENTS' VISIT TO BHU DOGRA-E-KALAN

Bridging classroom learning with community healthcare through the 3rd Year MBBS Students' Visit to BHU Dogra-e-Kalan. The visit provided students with valuable exposure to primary healthcare services, community health practices, and the importance of delivering accessible healthcare at the grassroots level.

Learning Beyond Classrooms. Engaging with Communities. Advancing Healthcare.

COMMUNITY OUTREACH PROGRAM - DMFT

Promoting oral health awareness and strengthening clinical assessment skills through the DMFT (Decayed, Missing and Filled Teeth) Index activity at LMDC. The initiative focused on assessing dental caries experience, evaluating oral health status, and highlighting the importance of preventive dental care.

HOUSEHOLD VISIT
4TH YEAR MBBS STUDENTS

Strengthening community engagement and understanding public health challenges through a Household Visit by 4th Year MBBS Students at LMDC. The activity provided students with valuable field exposure, enabling them to assess household health conditions, interact with community members, and understand the social determinants influencing health and well-being.

Learning Beyond Classrooms. Engaging Communities. Promoting Better Health.

SELF DIRECTED LEARNING
4TH YEAR MBBS STUDENTS

Encouraging independent learning and academic ownership through a Self-Directed Learning (SDL) Activity for 4th Year MBBS Students at LMDC. The session empowered students to take an active role in their education, strengthen critical thinking, and develop the skills needed for lifelong learning and clinical practice.

Taking Initiative. Building Knowledge. Shaping Future Healthcare Professionals.

HEALTH AWARENESS SOCIETY (HAS) VISIT TO AABRO WELFARE SCHOOL

Promoting health awareness and community well-being through a Health Awareness Society (HAS) visit to Abroo Welfare School. The initiative provided an opportunity to engage with students, share essential health education, and highlight the importance of preventive healthcare and healthy practices.

Creating Awareness. Empowering Communities. Promoting Better Health.
